### Income tax return preparation using the above data

Federation Centres recommends that you wait until you are provided with the Annual Taxation Statement to assist you or your taxation advisors in preparing your 2013 income tax return. If you wish to use the above information to assist in preparing your 2013 income tax return prior to receiving your Annual Taxation Statement, please be aware that minor differences may arise due to rounding. You should also consider the following:

- If you have not quoted your TFN or ABN or have not claimed an exemption from quoting them, then withholding tax of 46.5% will have been applied to the distribution. This will impact the preparation of your 2013 income tax return.
- If you are not a resident for Australian tax purposes, then withholding taxes will have been applied to some or all of the distribution. This will impact the preparation of your 2013 income tax return.

Annual Taxation Statements will be sent to investors on 28 August 2013.
