A. AUSTRALIAN ASSESSABLE INCOME COMPONENTS (ITEM 3)

STEP 1

Refer to the supplementary section of the 'Tax return for individuals 2023'. In **Question 13 'Partnerships and trusts'**, under the heading of **'Non-primary production'**, enter the Total Australian Assessable Income (item 3) as shown on your 2023 AMMA Tax Statement at **Box U**.

STEP 2

If you have incurred any deductible expenses in deriving this income, you should include the total of the expenses at **Box Y** in **Question 13**. Leave the TYPE box blank if the amount at **Box Y** does not include any deferred non-commercial business losses from a prior year.

STEP 3

Subtract the total deductions at **Box Y** from the amount you entered at **Box U** in **Question 13**.

STEP 4

Enter the amount worked out in Step 3 at the **'Net non-primary production amount'** box in **Question 13**. If this is a negative amount, (i.e. a loss) enter **'L'** in the box to the right of this figure.

C. AMIT COST BASE ADJUSTMENT (ITEM 8)

Under the AMIT rules, you will either have an AMIT cost base net increase or net decrease amount to the CGT cost base or reduced cost base of your securities.

AMIT cost base net decrease amount

You are required to reduce the CGT cost base or reduced cost base of your securities by the amount shown at item 8. If the AMIT cost base net decrease amount exceeds the CGT cost base of your securities, your CGT cost base is reduced to nil, and any additional AMIT cost base net decrease amount will give rise to a capital gain. This gain may be reduced by the applicable CGT discount percentage if you have held your securities for 12 months or more.

AMIT cost base net increase amount

You are required to increase the CGT cost base or reduced cost base of your securities by the amount shown at item 8.

If you sell your securities, your capital gain or loss should be calculated by subtracting from your sale proceeds your cost base or reduced cost base. The cost base or reduced cost base of your securities should be reduced by the total Tax Deferred Income amounts and AMIT cost base net decrease amounts and increased by the total AMIT cost base net increase amounts received by you.
